Technology plays an important role in our lives. We use it in a lot of fields of life. However, I'm totally in favour of using technology carefully in a way that doesn't cause trouble or lead to addiction. We should keep in mind that technology is a double-edged weapon. That is why we should use technology in a constructive way that benefits us all. I'm against those who call for the mass use of technology at the expense of human security and safety. Also, I am against using it instead of people; technology can't replace man in many fields. Teaching,
